FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2012

STATEMENT BY THE EXECUTIVE COMMITTEE

In the opinion of the Executive Committee:

- (a) the financial statements set out on pages 4 to 21 are drawn up in accordance with the provision of the Singapore Societies Act, Chapter 311, Singapore Charities Act, Chapter 37 and Singapore Financial Reporting Standards so as to present fairly the state of affairs of Parkinson's Disease Society (Singapore) (the "Society") as at 31 December 2012 and of the statement of income and expenditure, changes in statement of fund and cash flows of the Society for the financial year ended on that date; and
- (b) at the date of this statement, there are reasonable grounds to believe that the Society will be able to pay its debts as and when they fall due.

The Executive Committee authorised the issue of these financial statements.

On behalf of the Executive Committee

LAU MEOW HOON, JULIE
President

HUNG KWANG HOU
Treasurer

30 April 2013

**INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF
PARKINSON'S DISEASE SOCIETY (SINGAPORE)****Report on the Financial Statements**

We have audited the accompanying financial statements of Parkinson's Disease Society (Singapore) (the "Society") set out on pages 4 to 21, which comprise the balance sheet of the Society as at 31 December 2012, the statement of income and expenditure, the statement of changes in fund and the statement of cash flows of the Society for the financial year then ended, and a summary of significant accounting policies and other explanatory information.

Executive Committee's responsibility for the financial statements

The Executive Committee is responsible for the preparation and fair presentation of these financial statements in accordance with the provisions of the Singapore Societies Act, Chapter 311 (the "Regulations"), Singapore Charities Act, Chapter 37 (the "Act"), and Singapore Financial Reporting Standards, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and that transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair profit and loss account and balance sheet and to maintain accountability of assets.

The Executive Committee is also responsible to ensure that the 30% cap in Regulations 15(1) of the Charities Act, Cap. 37 (Institutions of a Public Character) Regulations 2007 has not been exceeded.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Singapore Standards on Auditing. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by Executive Committee, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF
PARKINSON'S DISEASE SOCIETY (SINGAPORE) (Continued)**

Opinion

In our opinion, the financial statements are properly drawn up in accordance with the provisions of the Regulations, the Act and Singapore Financial Reporting Standards so as to present fairly in all material aspects the state of affairs of the Society as at 31 December 2012, and of the results, changes in fund and cash flows for the financial year ended on that date.

Report on Other Legal and Regulations Requirements

During the course of our audit, nothing has come to our attention to cause us to believe that:-

- (a) the accounting and other records required by the Regulations and the Act to be kept by the Society have not been properly kept in accordance with the provisions of the Regulations and Act;
- (b) the Society did not comply with Regulations 15 of the Charities (Institutions of a Public Character) Regulations 2007 and Regulation 6 of the Societies Regulations; and
- (c) the donation monies have not been used in accordance with the objective of the Society as an Institution of Public Character.

PARKINSON'S DISEASE SOCIETY (SINGAPORE)
(Registered in Singapore)
(UEN: S96SS0203J)

NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2012

1. GENERAL INFORMATION

Parkinson's Disease Society (Singapore) (the "Society") was registered as a society under the Singapore Societies Act, Chapter 311 and is domiciled in Singapore. The Society is registered as an exempt charity and is also subject to the provisions of the Charities Act, Chapter 37. The registered office and place of operations of the Society is at Block 191 Bishan Street 13 #01-415 Singapore 570191.

The Society is conferred the Institute of Public Character status (IPC No: HEF0080/G). Accordingly, qualifying donors are granted tax deduction for the donations made to the Society.

The Society's principal activities are providing financial care and other assistance to patients affiliated with Parkinson's disease. There have been no significant changes in the nature of the principal activities during the financial year.

The financial statements of the Society for the financial year ended 31 December 2012 were authorised for issue by the Executive Committee on the date of the statement by the Executive Committee on 30 April 2013.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of preparation

The financial statements are prepared in accordance with the historical cost convention, except as disclosed in the accounting policies below and are drawn up in accordance with the Singapore Societies Act, Chapter 311, Singapore Charities Act, Chapter 37, and Singapore Financial Reporting Standards ("FRS"). The financial statements are presented in Singapore dollars ("S\$").

The preparation of the financial statements in conformity with FRS requires Executive Committee to exercise its judgement in the process of applying the Society's accounting policies. It also requires the use of certain critical accounting estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, and the reported amounts of income and expenditure during the financial year. Although these estimates are based on Executive Committee's best knowledge of current events and actions, actual results may ultimately differ from those estimates. Critical accounting estimates and assumptions used that are significant to the financial statements and areas involving a higher degree of judgement or complexity, are disclosed in this Note.

Adoption of new and revised standards

On 1 January 2012, the Society adopted the new or amended FRS and Interpretations of FRS ("INT FRS") that are mandatory for application from that date. Changes to the Society's accounting policies have been made as required, in accordance with the transitional provisions in the respective FRS and INT FRS. The adoption of these new or amended FRS and INT FRS did not result in substantial changes to the Society's accounting policies and had no material effect on the amounts reported for the current or prior financial years.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Standards issued but not yet effective

The Society has not adopted the following standards and interpretations that have been issued but not yet effective:

<u>Description</u>	<u>Effective for annual periods beginning on or after</u>
Amendments to FRS 1 – <i>Presentation of Items of Other Comprehensive Income</i>	1 July 2012
Revised FRS 19 Employee Benefits	1 January 2013
FRS 113 Fair Value Measurement	1 January 2013
Amendments to FRS 107 <i>Disclosures – Offsetting Financial Assets and Financial Liabilities</i>	1 January 2013
Improvements to FRSs 2012	
- Amendment to FRS 1 – <i>Presentation of Financial Statements</i>	1 January 2013
- Amendment to FRS 16 – <i>Property, Plant and Equipment</i>	1 January 2013
- Amendment to FRS 32 – <i>Financial Instruments: Presentation</i>	1 January 2013
Revised FRS 27 <i>Separate Financial Statements</i>	1 January 2014
Revised FRS 28 <i>Investments in Associates and Joint Ventures</i>	1 January 2014
FRS 110 <i>Consolidated Financial Statements</i>	1 January 2014
FRS 111 <i>Joint Arrangements</i>	1 January 2014
FRS 112 <i>Disclosure of Interests in Other Entities</i>	1 January 2014
Amendments to FRS 32 – <i>Offsetting Financial Assets and Financial Liabilities</i>	1 January 2014

Except for the Amendments to FRS 1 and FRS 112, the Executive Committee expect that the adoption of the other standards and interpretations above will have no material impact on the financial statements in the period of initial application. The nature of the impending changes in accounting policy on adoption of the Amendments to FRS 1 and FRS 112 is described below.

Amendments to FRS 1 *Presentation of Items of Other Comprehensive Income*

The Amendments to FRS 1 changes the grouping of items presented in OCI. Items that could be reclassified to profit or loss at a future point in time would be presented separately from items which will never be reclassified. As the Amendments only affect the presentations of items that are already recognised in OCI, the Society does not expect any impact on its financial position or performance upon adoption of this standard.

FRS 112 *Disclosure of Interests in Other Entities*

FRS 112 is a new and comprehensive standard on disclosure requirements for all forms of interests in other entities, including joint arrangements, associates, special purpose vehicles and other off balance sheet vehicles. FRS 112 requires an entity to disclose information that helps users of its financial statements to evaluate the nature and risks associated with its interests in other entities and the effects of those interests on its financial statements. The Society is currently determining the impact of the disclosure requirements. As this is a disclosure standard, it will have no impact to the financial position and financial performance of the Society when implemented in 2014.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Property, plant and equipment

All items of property, plant and equipment are initially recorded at cost. The cost of an item of property, plant and equipment initially recognised includes its purchase price and any cost that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management. The cost of an item of property, plant and equipment including subsequent expenditure is recognised as an asset if, and only if, it is probable that future economic benefits associated with the item will flow to the Society and the cost of the item can be measured reliably. When significant parts of property, plant and equipment is required to be replaced in intervals, the Society recognises such parts as individual assets with specific lives and depreciation, respectively. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance expenses are recognised in statement of income and expenditure when incurred.

After initial recognition, property, plant and equipment are stated at cost less accumulated depreciation and any accumulated impairment loss.

Property, plant and equipment are depreciated using the straight-line method to write-off the cost of the assets less estimated residual value over their estimated useful lives. The estimated useful lives have been taken as follows:

	<u>Useful lives</u> <u>(Years)</u>
Furniture and fittings	3 to 5
Gym equipment	5
Leasehold improvement	10

Fully depreciated assets are retained in the financial statements until they are no longer in use.

The estimated useful life and depreciation method are reviewed periodically to ensure that the amount, method and period of depreciation are consistent with the expected pattern of economic benefits derived from items of property, plant and equipment.

The gain or loss arising on disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amounts of the asset and is recognised in the statement of income and expenditure.

Impairment of non-financial assets

The Society assesses at each reporting date whether there is an indication that an asset may be impaired. If any such indication exists, or when an annual impairment assessment for an asset is required, the Society makes an estimate of the asset's recoverable amount.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Impairment of non-financial assets (Continued)

An asset's recoverable amount is the higher of an asset's or cash-generating unit's fair value less costs to sell and its value in use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely dependent on those from other assets. Where the carrying amount of an asset or cash-generating unit exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows expected to be generated by the asset are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs to sell, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded subsidiaries or other available fair value indicators.

Impairment losses are recognised in statement of income and expenditure in those expense categories consistent with the function of the impaired asset, except for assets that are previously revalued where the revaluation was taken to other comprehensive income. In this case, the impairment is also recognised in other comprehensive income up to the amount of any previous revaluation.

An assessment is made at each reporting date as to whether there is any indication that previously recognised impairment losses may no longer exist or may have decreased. If such indication exists, the Society estimates the asset's or cash-generating unit's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the estimates used to determine the recoverable amount of an asset since the last impairment loss was recognised. If that is the case, the carrying amount of the asset is increased to its recoverable amount. This increase cannot exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised previously. Such reversal is recognised in the profit and loss unless the asset is measured at revalued amount, in which case the reversal is treated as a revaluation increase.

Financial assets

(i) Initial recognition and measurement

Financial assets are recognised on the balance sheet when, and only when, the Society becomes a party to the contractual provisions of the financial instrument. Financial assets are initially recognised at fair value plus, in the case of financial assets classified as held-to-maturity, directly attributable transaction costs.

(ii) Subsequent measurement

The Society classifies its financial assets in the following categories: financial assets at fair value through profit or loss, loans and receivables, held-to-maturity investments, and available-for-sale financial assets. The classification depends on the nature of the assets and the purpose for which the assets were acquired. Executive Committee determines the classification of its financial assets at initial recognition and for held-to-maturity investments, re-evaluates this designation at every balance sheet date. As at the balance sheet date, the Society has no financial assets in the category of fair value through profit or loss, held to maturity investments and available-for-sale financial assets.

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They arise when the Society provides money, goods or services directly to a debtor with no intention of trading the receivable. They are included in current assets, except those maturing more than 12 months after the balance sheet date which are classified as non-current assets. Loans and receivables are presented as other receivables and deposit, and cash and bank balances on the balance sheet.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial assets (Continued)

(ii) Subsequent measurement (Continued)

Subsequent to initial recognition, loans and receivables are measured at amortised cost using the effective interest rate method, less impairment. Gains and losses are recognised in profit or loss when the loans and receivables are derecognised or impaired, and through the amortisation process.

(iii) Derecognition

Financial assets are derecognised when the contractual rights to receive cash flows from the financial assets have expired or have been transferred and the Society has transferred substantially all the risks and rewards of ownership. On derecognition of a financial asset in its entirety, the difference between the carrying amount and the sum of the consideration received and any cumulative gain or loss that had been recognised in other comprehensive income is recognised in statement of income and expenditure.

Impairment of financial assets

The Society assesses at each balance sheet date whether there is any objective evidence that a financial asset or group of financial assets is impaired.

For financial assets carried at amortised cost, the Society first assesses whether objective evidence of impairment exists individually for financial assets that are individually significant, or collectively for financial assets that are not individually significant. If the Society determines that no objective evidence of impairment exists for an individually assessed financial asset, whether significant or not, it includes the asset in a group of financial assets with similar credit risk characteristics and collectively assesses them for impairment. Assets that are individually assessed for impairment and for which an impairment loss is, or continues to be recognised are not included in a collective assessment of impairment.

An impairment loss is recognised in statement of income and expenditure when there is objective evidence that the asset is impaired, and is measure as the difference between the asset's carrying amount and the present value of estimated future cash flows discounted at the financial asset's original effective interest rate. The carrying amount of the asset is reduced through the use of an allowance account. The impairment loss is recognised in the statement of income and expenditure.

When the asset becomes uncollectible, the carrying amount of impaired financial assets is reduced directly or if an amount was charged to the allowance account, the amounts charged to the allowance account are written off against the carrying value of the financial asset.

To determine whether there is objective evidence that an impairment loss on financial assets has been incurred, the Society considers factors such as the probability of insolvency or significant financial difficulties of the debtor and default or significant delay in payments.

If in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, the previously recognised impairment loss is reversed to the extent that the carrying amount of the asset does not exceed its amortised cost at the reversal date. The amount of reversal is recognised in statement of income and expenditure.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial liabilities

(i) Initial recognition and measurement

Financial liabilities are recognised when, and only when, the Society becomes a party to the contractual provisions of the financial instrument. The Society determines the classification of its financial liabilities at initial recognition. Financial liabilities are recognised initially at fair value, plus, in the case of financial liabilities not at fair value through profit or loss, directly attributable transaction costs.

(ii) Subsequent measurement

Subsequent to initial recognition, other financial liabilities are subsequently measured at amortised cost using the effective interest rate method. Gains and losses are recognised in statement of income and expenditure when liabilities are derecognised, and through the amortisation process.

(iii) Derecognition

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognised in the statement of income and expenditure.

Operating leases

Leases where the lessor effectively retains substantially all the risks and rewards of ownership of the leased item are classified as operating leases. Operating lease payments are recognised as an expense in the profit and loss on a straight-line basis over the lease term.

Provisions

A provision is recognised when the Society has a present obligation, legal or constructive, as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of economic resources will be required to settle the obligation, the provision is reversed. Where the effect of the time value of money is material, provisions are discounted using a current pre tax rate that reflects, where appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Funds

Unrestricted fund

Funds are available for use at the discretion of the Executive Committee in furtherance of the Society's objects.

Restricted fund

Patient's Welfare fund which administered by Patient Welfare sub-committee is set up to provide financial assistant to needy patients.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Revenue recognition

Revenue from membership subscription is recognised on time apportionment basis over the period of the membership, with the unrecognized portion recorded as membership subscription received in advance in the balance sheet.

Revenue from sale of goods is recognised on the transfer of risks and rewards of ownership, which generally coincides with the time when the goods are delivered to customers and title has passed.

Donations are recognised in the statement of income and expenditure on an accrual basis when the donations are committed to the Society.

Donation-in-kind is recognised when the fair value of the assets received can be reasonably ascertained.

Interest income is recognised on a time proportion basis, taking into account the principal amounts outstanding and the effective interest rates applicable.

Employees' benefits

(i) Retirement benefits

The Society makes contribution to the Central Provident Fund (CPF) Scheme in Singapore, a defined contribution retirement schemes.

Obligations for contributions to defined contribution retirement plans are recognised as an expense in the period in which the related service is performed.

(ii) Employee leave entitlement

Employee entitlements to annual leave are recognised when they accrue to employees. A provision is made for the estimated liability as a result of services rendered by employees up to the balance sheet date.

Government grants

Government grants are recognised at their fair value where there is reasonable assurance that the grant will be received and all terms and conditions relating to the grants have been complied with. When the grant relates to an expense item, it is recognised in the statement of income and expenditure over the periods necessary to match them on a systematic basis to the costs, which it is intended to compensate.

Grants that compensate the Society for a fixed asset purchased are recognised in statement of income and expenditure as other income.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Related parties

A related party is defined as follows:

(a) A person or a close member of that person's family is related to the Society if that person:

- (i) Has control or joint control over the Society;
- (ii) Has significant influence over the Society; or
- (iii) Is a member of the key management personnel of the Society.

(b) An entity is related to the Society if any of the following conditions applies:

- (i) The entity and the Society are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).
- (ii) One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).
- (iii) Both entities are joint ventures of the same third party.
- (iv) One entity is a joint venture of a third entity and the other entity is an associate of the third entity.
- (v) The entity is a post-employment benefit plan for the benefit of employees of either the Society or an entity related to the Society.
- (vi) The entity is controlled or jointly controlled by a person identified in (a);
- (vii) A person identified in (a)(i) has significant influence over the entity or is a member of the key Executive Committee personnel of the entity.

Cash and cash equivalents

For the purpose of the statement of cash flows, cash and cash equivalent comprises cash on hand, deposits with financial institutions and short term, highly liquid investments readily convertible to known amounts of cash and subjected to an insignificant risk of changes in value.

Critical accounting estimates and judgements

The Society makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

Useful lives of property, plant and equipment

The property, plant and equipment are depreciated on a straight-line basis over the respective asset's estimated economic useful lives. The Executive Committee exercised their judgement on estimating the useful lives at the end of each reporting period. The total carrying amount of the property, plant and equipment of the Society is disclosed in Note 3. Changes in the expected level of usage could impact the useful lives and the residual values, if any, of these assets, therefore future depreciation charges could be revised.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

3. PROPERTY, PLANT AND EQUIPMENT

	Furniture and fittings	Gym equipment	Leasehold improvement	Total
	\$	\$	\$	\$
Cost				
At 1 January 2011	2,392	-	-	2,392
Additions	1,806	-	23,836	25,642
At 31 December 2011	4,198	-	23,836	28,034
Additions	10,809	70,422	472,762	553,993
At 31 December 2012	15,007	70,422	496,598	582,027
Accumulated depreciation				
At 1 January 2011	797	-	-	797
Depreciation charge for the year	1,299	-	-	1,299
At 31 December 2011	2,096	-	-	2,096
Depreciation charge for the year	2,000	2,321	8,176	12,497
At 31 December 2012	4,096	2,321	8,176	14,593
Net carrying amount				
At 31 December 2012	10,911	68,101	488,422	567,434
At 31 December 2011	2,102	-	23,836	25,938
At 1 January 2011	1,595	-	-	1,595

4. OTHER RECEIVABLES AND PREPAYMENTS

	2012	2011
	\$	\$
Other receivables	2,094	723
Prepayments	1,824	124
Deposits	1,730	-
	5,648	847

NOTES TO THE FINANCIAL STATEMENTS (Continued)

5. CASH AND CASH EQUIVALENTS

	2012	2011
	\$	\$
Cash and bank balances	57,273	485,807
Fixed deposits	123,508	199,407
	<hr/>	<hr/>
Cash and cash equivalents	180,781	685,214
	<hr/>	<hr/>

The fixed deposits at balance sheet date have a maturity of 2 to 8 months (2011: 2 to 8 months) from the end of the financial year end. The effective interest rates for the fixed deposits range from 0.15% to 0.25% (2011: 0.10% to 0.45%) per annum.

Fixed deposits with maturity dates more than 3 months can be withdrawn anytime before the maturity dates without penalty. As the principal value of the deposits is readily convertible to cash, they form part of the cash and cash equivalents in the statement of cash flows.

6. ACCRUED EXPENSES

	2012	2011
	\$	\$
Accrued salaries	4,396	4,027
Accrued operation expenses	8,560	6,590
	<hr/>	<hr/>
	12,956	10,617
	<hr/>	<hr/>

7. ADMINISTRATIVE EXPENSES

	2012	2011
	\$	\$
Logistic expenses	-	1,880
Other expenses	8,239	9,697
Sundry expenses	5,833	2,796
Rental of office and equipment	5,368	4,800
Telephone and fax	-	1,235
Transportation	1,375	1,233
General utilities	7,354	-
	<hr/>	<hr/>
	28,169	21,641
	<hr/>	<hr/>

8. INCOME TAX

The Society is registered as a charity under the Charities Act, Chapter 37. With effect from Year of Assessment 2008, all registered charities will enjoy automatic income tax exemption without having the need to meet the 80% spending rule.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

9. TAX-EXEMPT RECEIPTS DONATION

The Society enjoys a concessionary tax treatment whereby qualifying donors are granted tax deduction for the donations made to the Society.

During the financial year, the Society has issued tax-exempt receipts for donations collected amounting to \$83,597 (2011: \$320,503).

10. RELATED PARTY TRANSACTIONS

Key Executive Committee personnel comprise members of the Executive Committee.

The Executive Committee members, or people connected with them, have not received any monetary remuneration, or other benefits, from the Society for their contribution for the financial years ended 31 December 2012 and 31 December 2011.

There is no claim by the Executive Committee members for services provided to the Society, either by reimbursement to the Executive Committee members or by providing the Executive Committee members with an allowance or by direct payment to a third party.

11. EMPLOYEE BENEFITS COST

There are no employees with emoluments above \$100,000.

12. COMMITMENTS

Capital commitments

Capital expenditure approved by the Executive Committee as at the balance sheet date but not recognised in the financial statements is as follows:

	2012	2011
	\$	\$
Capital commitment in respect of:		
- establishment of a centre for the Society	-	391,164

13. FINANCIAL INSTRUMENTS

Financial risk management objectives and policies

The Society's activities expose it to a variety of financial risks primarily liquidity risk, credit risk and interest rate risk. Overall risk is monitored by the Executive Committee. The Society's overall financial risk management strategy remains unchanged from 2011.

(i) Market risk

(a) Foreign currency risk

The Society is not exposed to any foreign currency risk. Accordingly, sensitivity analysis is not necessary. The society does not engage in trading or speculation in foreign currencies.

(b) Interest rate risk

The Society constantly monitors its interest rate risk and does not utilise forward contracts or other arrangements for trading or speculative purposes. As at 31 December 2012, there were no interest rate swap contracts or other derivative instruments outstanding.

The Society has no interest-bearing financial liabilities. The following table sets out the carrying amount, by maturity, of the Society's financial instruments, that are exposed to interest rate risk:

	2012	2011
	\$	\$
<i>Within one year – fixed rates</i>		
Fixed deposits	123,508	199,407

Interests on financial instruments are fixed until the maturity of the instruments.

Interest risk sensitivity

The Society's statement of income and expenditure and unrestricted fund are not significantly affected by changes in interest rates as the interest-bearing financial instruments carry fixed interest rates. As such, sensitivity analysis is not necessary.

(ii) Liquidity risk

The Society is primarily funded by general donations received. The Society monitors its liquidity risk and maintains a level of cash and bank balances deemed adequate by Executive Committee to finance the Society's operations and to mitigate the effects of fluctuations in cash flows. Typically the Society ensures that it has sufficient cash on demand to meet expected operational expenses. The financial liabilities of the Society as at 31 December 2012 and 2011 are repayable on demand or due within 1 year from the balance sheet date.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

13. FINANCIAL INSTRUMENTS (Continued)

Financial risk management objectives and policies (Continued)

(iii) Credit risk

Credit risk refers to the risk that counterparty will default on its contractual obligations resulting in financial loss to the Society. The carrying amounts of cash and bank balance, other receivables and deposits represent the Society's maximum exposure to credit risk in relation to financial assets. No other financial assets carry a significant exposure to credit risk. Cash and bank balance is placed with reputable local financial institutions.

(iv) Fair value of financial instruments

The carrying amounts of financial assets and financial liabilities reported on the balance sheet are reasonable approximation of fair values to the relatively short-term maturity of these financial instruments.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

13. FINANCIAL INSTRUMENTS (Continued)

Financial risk management objectives and policies (Continued)

(v) Categories of financial instruments

The following table sets out the financial instruments as at the balance sheet date:

	2012	2011
	\$	\$
Loan and other receivables	184,605	685,937
Financial liabilities at amortised cost	12,956	10,617

Capital risk management policies and objectives

The Executive Committee reviews its fund regularly to ensure that the Society will be able to continue as a going concern. The Society's reserves policy focuses on the level of the unrestricted fund. The Society relies on cash donations, which by their nature are unpredictable to support the Society's activities.

The amount of fund will be regularly reviewed by the Executive Committee to ensure that they are adequate to fulfill continuing obligations. The reserve policy of the Parkinson's Disease Society (Singapore) is to hold reserves of up to 3 times over annual operating expenses.
