

## *Caregivers' Networking Session*

In view of COVID-19 outbreak, PSS Caregiver Workshop has been cancelled. In order to better support PD Caregivers, PSS is starting Virtual Caregivers' Network Sessions. We would like to hear from you, the Caregivers of PD warriors, what are the challenges or issues you have encountered while looking after People with Parkinson (PwP) especially during this period.

We will try our <sup>\*</sup>best to address your issues and meet your or PwP's needs. You may also share your experiences/stories of care strategies for other Caregivers to learn.
