

Caregivers' Workshop

Sleep Problem in Parkinson

Saturday, 27 August 2022

10am-12noon

Online via Zoom

Strictly for Caregivers only

If you have Parkinson's disease and find it difficult to sleep, you are not alone, many others are similarly affected. Join us in the talk to identify the root cause to your sleep problem.

Our Speaker

Dr Chan Lai Gwen

Psychologist

Dr Chan is the Senior Consultant at the Department of Psychiatry and Director of CLIMB (Consultation-Liasion Interventions for Mind and Brain) at Tan Tock Seng Hospital. She is also an Adjunct Assistant Professor at NTU-Lee KC School of Medicine.

Our Facilitator

Ms Li Wei

Advanced Practice Nurse, National Neuroscience Institute

Ms Li Wei specialises in Adult Care Nursing as well as Parkinson and Movement Disorders and caring for post-Deep Brain Stimulation.

Registration Fees
